

PLAN LEGISLATION TO VALIDATE THE SCHOOL ACTIVITIES

Such Activities As Dramatics and Athletics Are Included

TO AMEND CODE
Result of Decision Handed Down By Judge John C. Arnold

HARRISBURG, Nov. 8.—(INS)—Legislation to validate extra-curricular activities such as dramatics, athletics and other events in Pennsylvania public schools was ready today for presentation to the general assembly next year.

An amendment to the state school code has been drafted by the joint state government commission, the legislature's fact-finding body, to permit financing of the activities with admissions and other fees now illegal under a superior court ruling.

The decision, handed down by Judge John C. Arnold, September 30, 1947, involved the Hatfield Township School District in Montgomery County.

The court held that "money or property derived directly or indirectly through the use of school buildings, or from the expenditure of public funds of the district" was public property and must be handled by district treasurers as tax money. There was no provision in the school code for expenditures for extra-curricular activities.

The court held that legislative action was necessary authorization.

The JSGC proposed amendments that would authorize school organizations to their activities with funds raised from admissions and fees, but make expenditures subject to official audit. Reimbursements from tax funds retroactive to the date of the decision would be authorized.

The code would be clarified to permit use of school premises by organizations indirectly associated with education without being obligated to the school board for their proceeds the JSGC reported.

School boards would be permitted to make regulations concerning the establishment of activities funds.

Bonding of custodians of the funds was proposed as a safety measure.

Coming as a recommendation of the commission, the legislation was practically assured of passage during the 1949 session which convenes in January.

The JSGC would legalize "school publications, debating, forensic, dramatic, musical and other activities related to the school program, including raising and disbursing funds for any or all of such purposes and for scholarships."

For purchases exceeding \$300, competitive bidding would be required under another proposed amendment.

Organizations raising funds through use of school premises would be assured the right to the money.

Gross collected \$852.25, less \$25.37 commissions, leaving a net for the commonwealth of \$826.88.

Russia was reported by a senior American official to be having serious difficulties in the Soviet zone of Germany. Large-scale desertions of high army officials have been verified, it was said, and economic and political conditions were called far from satisfactory. Communist speakers in Berlin urged soldiers of the new German Army to defend the "People's Government" being prepared by the Russians. New details of the police force in the Soviet zone became known.

LAMBERTVILLE USING WATER FROM CANAL

City's Water Situation Is Still Said To Be "Alarming"

NEW HOPE IS "HIT"

LAMBERTVILLE, N. J., Nov. 8.—The pumping of water from the canal near the railroad station continues. The city's water situation which became alarming last week, is said to be little improved.

When the situation became serious, the Lambertville Water Company sent to Newark, N. J., for special machinery to pump water from the canal to the water plant for an indefinite period. This started on Sunday, and it has been in progress day and night.

When the water reaches the plant it is chemically treated, but as a matter of precaution, because the town has no sewage system, the consumers have strongly urged to boil the water.

The pumping is done under authority of the New Jersey State Board of Health.

One of the city's largest industries, the Diamond Silver Company, has a pumping outfit of its own, and it is putting this to use during the emergency.

It has been said that the reservoir, located on a hill overlooking the city, has not been dry for 30 years.

On the other side of the river, New Hope is also feeling the results of the drought. This borough has no water system, and its residents depend upon wells for their supply. Some of these, it is said are near their point of exhaustion.

Fred Leyden Sustains Fracture of Upper Right Arm and Head Wound

CAR HITS PROPERTY

Fred Leyden, 76, 1011 Pond street, sustained a fractured right upper arm, and incised wound of the head. The driver of the car was Edward L. Tracey, Jr., 52 Delaware avenue, Morrisville.

Tracey told police that he was driving east on Pond street and as he approached the intersection of Jefferson avenue the traffic light changed from red to green. A short distance east of the traffic light Tracey said that he saw a man in the street. Tracey is quoted as saying that he turned his car to the right and then to the left. He heard someone scream. The car jumped the curb on the north side of Pond street and struck the property of Charles Mazzella, 1017 Pond street. The double hand-rail was broken on the steps, a porch support broken and the railing damaged.

MODERN "LEADERS"

In England Winston Churchill has been speaking his mind, telling the people how the world wags as he sees it. Now there is a report that the Conservative Party, which he heads, would like to dispense with him because of his lack of expediency.

The party would be willing to keep him as a figurehead, but because he is a law unto himself and takes little notice of what opportunists in the party think he ought to say, many leaders would be willing to oust him from his position of party spokesman.

Some men are known for their much speaking and others for their plain speaking. Churchill is one of the latter, and today that is quite unpopular in certain circles. Politicians in all countries are given to spending hours over their public pronouncements, not to make sure they are telling the truth as nearly as they can determine it, but to make sure they are stating a proposition in such a way that it will please the most ears.

What a travesty on leadership! A leader thinks creatively and then tries to convince people that he is right. But the modern idea is to let public opinion come to a jell in some manner and then cater to it regardless of consequences.

The Conservative Party in England can ditch Churchill all right. He is an old man. But both the party and England will lose a great deal if it adopts a policy of expediency regardless of what the truth may be.

WITH BELLS ON

The Keeler polygraph, better known as the lie detector, is a mind-reading robot which a few men claim is harder to fool than even their wives. It is not infallible, but it is insidious. It pries into private matters like a man's blood pressure, his breathing and his heartbeat, adds up these clues and from time to time calls him a liar.

Because it has been known to make mistakes, most courts will not accept its findings. The police, who are less fussy, have frequently found it useful in telling them what testimony to follow up.

Pondering on these slights, a Japanese policeman named Tsun Katsuna came one day to the conclusion that what the lie detector needed was to be jazzed up. Perhaps he toyed with the idea of creating a robot that would leap to its feet, point an accusing finger and shout "You're a liar!" in Japanese. Eventually he modified the idea, however.

When the emotion of telling a dead-pan lie causes tattle-tale perspiration to break out on the subject's palms, his machine lights up a red neon tube. When the subject's heart begins to beat faster for the same reason, a gong sounds. He would be a hardened liar indeed who, amid the red lights and the bells, could still maintain unperturbed his mendacity.

This, indeed, is a lie detector with bells on.

The waiting room of the Bristol end of the trolley terminal has been closed since the first of December and patrons of the road are compelled to stand on the street or seek shelter in the stores or restaurants in the neighborhood until they can board a car. The trouble is said to be that the horse car line, running in the direction of Philadelphia, would not bear any proportion of the expense of renting the room while the passengers of that line made use of the accommodations as much or more than those who used the Langhorne trolley, and the company operating the latter concluded to give up the room until an agreement was reached.

Doylestown. Plans are in progress and work is to be started early in the spring of 1949.

"There has been a crying need for a theatre in the Cross Keys section," Mr. Wodock, says. "The new theatre will carry pictures of high type."

Declaring that one little girl he knew became violently ill every Sunday to the point of vomiting, Dr.

Allen H. Moore, Doylestown physician speaking at a meeting of the Doylestown Lions' Club, said: "The little girl was ridiculed because she wore a hand-me-down coat."

"To her parents she merely explained she didn't want to go to Sunday school and it was fortunate that the discovery was made before she became a psychopathic problem."

Dr. Moore, who said that bed-wetting, nail-biting, tantrums and stealing are all emotional problems, asserted: "No one is normal. We all have certain type of behaviour pattern. Fathers, particularly,

should take more responsibility in the raising of their children.

"Child guidance, child behaviour and child misbehaviour are not well understood. Parents must interest themselves in the problem of their children."

One look!...
One ride!...
You'll know it's...
the modern design for '49
new Hudson

Come in, see the car that's years ahead—drive the New Hudson—experience the amazing roadability, comfort and safety of the only car you step down into!

Here's your chance to get the thrill of a real discovery—to see and feel what one of the great advances in motor-car history offers you.

You'll see a Hudson of distinguished, streamlined beauty and low-built silhouette that is instantly recognizable because it is the natural result of a basically new design principle—a principle that puts this car so far ahead it is a protected investment in motor-car value!

The key to this new design principle is a recessed floor. The New Hudson is the only car you step down into!

By using a "step-down" zone in an exclusive, all steel Monobuilt Body-and-frame, Hudson achieves the lowest car on the highway—only five feet from ground to top—while maintaining more head room than in any mass-produced car built today!

But no amount of looking at this amazing car—beautiful as it is—can equal the thrill of a Hudson ride! And you are invited to enjoy that ride today!

Hudson has a smooth, huge road way

of going in cross-winds and on every conceivable kind of highway. When you see the way it takes even the sharpest curves, you'll know once again that this car has "The modern design for '49"—and for years to come!

Hudson's remarkable ride is largely due to the fact that its "step-down" design provides the lowest center of gravity in any American stock car—yet road clearance is ample! It is a widely recognized fact that the lower to the ground a car can be built, the more stability it will have and the safer it will be.

You sense a delightful conformity to the road the minute you begin your ride, and this stability, plus the protection of riding encircled by a sturdy box-section steel frame, is a grand experience in serene, safe well-being.

This grand feeling is further heightened by the remarkable ease with which this car is controlled. You enjoy this generous roominess in complete relaxation as the New Hudson glides smoothly along.

We cordially invite you to see and drive the New Hudson, to thoroughly enjoy the ride that comes only with "The modern design for '49!"

HUDSON FLOORS are recessed down within the frame (as shown above), seats are lowered, so you get more than ample head room in this car with the new, lower center of gravity.

YOU RIDE DOWN within a base frame (as shown above), and rear seats are positioned ahead of the rear wheels so that full body width becomes available for wonderfully roomy seats. Box section steel girders completely encircle and protect the passenger compartment.

TRY AUTOMATIC GEAR SHIFTING in forward speeds as provided by Hudson's Drive-Master transmission—by far the easiest of all ways to drive. You can accelerate as long and as fast as you like in pick-up gear, then lift your toe momentarily, and you're in high. The shift into high comes only when you are ready! Hudson control on the instrument panel provides instant change to conventional driving if ever desired. Drive-Master transmission is optional on all New Hudsons at small extra cost.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

"Where Are We At?"

Washington, Nov. 8. LET'S admit that against great odds Mr. Truman won an extraordinary victory and made monkeys of all the columnists, commentators, editorial prophets, poll takers, political logicians and "trained observers" in the country. Let's admit that he is the only presidential candidate to achieve the unprecedented political miracle and create the unsuspected "grand swell."

NEXT, let's attribute his success to the appealing personality of an inherently decent man, unaided and alone gallantly fighting on when even his closest friends felt there was no chance; or to the old Roosevelt combination of the big city machines, the labor bosses and the northern Negroes; or to general current prosperity coupled with the dread of another depression if Republicans came in; or to the potent influence of sympathy for the underdog; or to the effective demagoguery of the Truman speeches; or to the alleged fact that the great bulk of the voters are political morons, allergic to facts and incapable of reason; or to the weight and power organized labor. Let's admit and attribute all these things and any others that may be thought of later. Then, let's write it all off, analyzing the election returns and look at the immediate future, which is none too good.

AT once these questions arise: 1. Where are we at? 2. Where are we going? 3. And how? To answer the first—we have elected, for four years, the three-year President whose alleged bungling, inadequacy and incapacity was most loudly proclaimed before the nomination by the very men who after the nomi-

nation had no choice save to support him—but who were for Eisenhower, Douglas, practically anyone other than Truman, on the theory that he was beaten before he began. To this argument many leading Democrats and many Democratic newspapers subscribed, throwing their support to Mr. Dewey. Not only did Mr. Truman overcome this opposition but, despite the two-way split of his party, he succeeded in carrying in with him a majority in both House and Senate. In each he has nominal but not solid control. For, in each, there is a formidable Democratic group so violently opposed to his major domestic policies that it is difficult to see how he can vitalize them without compromise and concessions—especially on his so-called civil-rights program.

NOR IS IT likely he can redeem his pledge to repeal the Taft-Hartley Act, for which many Democrats in the new Congress voted in the last. Thus, it seems that though an elected Truman returns to Washington with a Democratic Congress, we may have arrived at a stalemate on domestic affairs just as definite as if Mr. Dewey had been elected with a Democratic Senate. In foreign affairs, while there was no actual cleavage between Mr. Truman and Mr. Dewey, our bipartisan foreign policy has been weakened by the inevitable retirement as chairman of the Foreign Relations Committee of Senator Arthur Vandenberg, the mainstay and prop of that policy. He will be succeeded by Senator Connally, of Texas, genial, likeable, but not nearly as potent. There is the further fact that the generally accepted retirement of General Marshall as Secretary of State, plus the unavailability of Mr. John Foster Dulles, who would have been the Dewey choice makes it difficult to see how Mr. Truman can find a man for this vital job who will measure up to the Marshall standards at home or abroad.

THAT is about "where we are at."

Now, as to where we are going—if there was anything real in Mr. Truman's denunciation of Wall Street and the "gluttons of privilege," his fervid appeals to the racial and religious groups and his complete espousal of the labor-leader point of view—if there was anything real about those utterances, then we are going just as far to the left as Mr. Truman can take us. He has no alternative. Definitely, he has cut loose from those who said he was not a New Dealer at heart. Definitely, he has shied away from the multiplication table, eschewing the idea that economy and reduction are desirable. Definitely, he is the choice of those who believe deficits are not to be feared and the size of the national debt is immaterial as "we owe it to ourselves." When faced with the fiscal realities, Mr. Truman may not adhere to this position; but that he campaigned along these lines is not to be disputed.

AS to the question "How"—it must be clear that from now on the union labor bosses will be Mr. Truman's chief reliance and that the Democratic party will be a labor party to an even greater degree than it was under Mr. Roosevelt. This has been made plain—first, by the post-election statement of Chairman McGrath of the Democratic National Committee, who enthusiastically gives the labor bosses (all of whom violently opposed the Truman nomination) major credit for his election; second, by the ardent unanimity with which these labor bosses claimed the credit and the speed with which they are moving to take over the Democratic party.

THERE is one other question—"What effect will his astonishing victory have on Mr. Truman personally?" Here is a man who starts out on his presidential candidacy under almost incredibly adverse conditions. Before he was nominated, many leaders of his party were howling for his blood, insisting that he abdicate, asserting that his

nomination meant ruinous defeat. After his nomination, his party, already split by the Wallace candidacy, was further split by the Southern revolt, thus, as all authorities agreed, making his election impossible. He hardly had a friend who thought he had a chance. In the whole campaign no one did anything for him except himself. Yet, he is elected. Mr. Truman would not be human if he were unaffected by such a victory—and he is exceedingly human. He left Washington with no one really believing in him. He returns a hero and there is a rush of those who had described what they were convinced was a sinking ship to get back in his favor. This is bound to do something to any man. What will it do to Mr. Truman? Will he grow? Or will he just swell? God only knows.

Bristol Miss Takes Marriage Vows in St. Mark's Church

Making her way to the altar of St. Mark's R. C. Church, Saturday at three o'clock, Miss Joan Elmer, Swain street, took the vows which united her in marriage to Mr. George Briar, son of Mr. and Mrs. Harry Briar, Frosty Hollow road, Middletown township. The daughter of Mr. and Mrs. John Elmer was given in marriage by her father; and the Rev. Albert Glass officiated. A bridal gown of white satin was enhanced by a white veil; and the bride carried white chrysanthemums.

Her trio of attendants were attired as follows: Maid of honor, Miss Ann Aubernet, Bristol, in light blue; bridesmaids, Miss Theresa Brusha, Swain street, and Miss Dorothy Briar, Middletown township, sister of the bride-groom, in pink. The floor-length gowns were of tulle and had short sleeves. Silver haras held veils which matched the individual gowns. The three carried bouquets of chrysanthemums to contrast with their costumes.

Serving as best man for Mr. Briar was Mr. John Basara, Bath road; and ushers were Mr. John Schwartz, Frosty Hollow road; and Mr. Joseph Elmer, Swain street, brothers of the bride.

The evening reception was held in the Hibernian hall, after which Mr. and Mrs. Briar left for a week's motor trip through New York state. They will reside with the Elmer family on Swain street. Both bride and bride-groom are employed at the Hunter Manufacturing Co. plant at Emille.

BURLINGTON HIGH KEEPS THE 'JUG' BY DEFEATING BRISTOL

BURLINGTON, Nov. 8.—A determined and confident Burlington High team regained possession of the "Little Brown Jug" for the seventh time Saturday afternoon as it beat Bristol High, 12-6, in the 16th annual meeting between the two schools.

The Jersey school outplayed the Bristol lads from the start and in the third period put on the drives that scored both of its touchdowns, one with the aid of a blocked kick. Burlington had two other touchdowns recalled because of penalties.

Bristol was on the defensive most of the game until the last few minutes when it climaxed a march of 65 yards with a touchdown pass. Bristol lacked the spirit and play that made it stand out in games against larger schools.

The Blue Devils chalked up fourteen first downs while the Warriors had nine. Despite its continually scoring threats, Burlington made but four first downs in the second half while Coach McAllister's lads had five.

An illegally downed ball by a Bristol player actually gave Coach Costello's Blue Devils their first six-pointer. Early in the third quarter, "Jim" Sottile was on his 16-yard line and got off a kick to mid-field. The referee sounded his horn, signifying that Burlington was guilty of roughing the kicker. But an over-anxious Bristol player committed a penalty in downing the ball and as one penalty reneges the other, the entire play was nullified. Instead of getting fifteen yards and a first down, Bristol was forced to kick over.

The play proved disastrous for the Warriors as when Sottile attempted to kick the second time, Manz and McGee broke through and blocked the punt on the 5-yard line. From here, Blair Decker ploughed his way to the five-yard line. He tried the line again and was stopped in his tracks. On the third play, Jack VanBrunt flipped a flat pass to "Bill" Hutton on the 8. A Bristol player got his hands on the Burlington back for what would have been a loss but the slippery Burlington boy twisted out of the grip and then went the remaining distance to score. On the attempted extra point, Decker's boot hit the upright and fell on the inside of the field.

Bristol was disheartened after this turn of events and seemed to lose all interest with the result that the second Jerseyites' touchdown was made with ease. Decker's kick-off went over the end zone and Bristol was given the ball on its 29. Bristol took a five-yard penalty but Moll made it up on a smash at center. A long pass, Marty Braam to "Jim" Sottile, gave Bristol a first down on the 37 but on the following play Bristol took 15 yards for holding and after three plays were forced to kick. Rushed by the Burlington linemen, Sottile's punt traveled to his 47.

The Blue Devils' backs began to drive hard and finished with a touchdown. A pass failed but Bristol was off-sides and penalized five yards. Decker was nailed by Weida without a gain. VanBrunt on a fake pass, wiggled his way to the Bristol 28. Hutton smashed left tackle for three yards and Fandetta added six more. Fandetta made it a first on the Bristol five with a terrific shot at the Bristol line. On an off-tackle play, Decker had fine interference as he scored unopposed. As Hutton missed the extra point try, the score stood at 12-0.

After two successful goal-line stands Bristol showed some of its offensive power late in the contest. The march started following VanBrunt's kick to the 35. The first play saw Braam aerial a pass to Frank Rich on Burlington's 36. Moll hit the line hard and was brought down by Decker after 8 yards. Braam again passed. This time Sottile caught the ball and lateraled to Kornstedt for a first down on the 38. Moll threw to Sottile, who again lateraled to Kornstedt. The latter fumbled on the 8-yard line but Rich recovered for Bristol.

With one and one-half minutes left, Braam lined a pass over the line to "Jim" Sottile. The latter made a leaping baseball catch for the touchdown. Moll's extra point conversion try was low.

Most of the playing in the early part of the tilt was done at mid-field with Sottile's kicks giving Bristol the edge. The only outstanding play of the quarter was a 16-yard end run by "Al" Daniel. Bristol quarterback, which following a hard back by Moll gave Bristol a first down on Burlington's 39. But

a bad pass from center erased all this and Bristol was forced to kick. Burlington's first threat to score came late in the second period. Sottile's punt went to W. Hutton on the Jerseyites' 36. Hutton's attempted run-back was stopped by Braam. A pass, VanBrunt to Hutton, was good for a first down on Bristol's 45. Bristol held for three downs and on the fourth down Decker faked a kick and then broke away for a gain of 29 yards to give Burlington a first on Bristol's 17. Hutton made three yards at tackle and on two more plays by Fandetta and Decker, the Costello-coached team had a first down on the seven. VanBrunt went over but a penalty recalled the play. A line play and pass failed to gain and Costello sent in a substitute with instructions to try for a field goal on the fourth down. But the signals were crossed and Burlington tried for a fielder on third down. "Vince" Manz tried the kick with Hutton holding but it was wide and Bristol took over.

Bristol was still deep in its territory in the fourth quarter when Burlington missed another score by a penalty. Sottile's kick went to his 28. After Decker failed at the line, Toronto carried the ball on an end-around play and went to the Bristol 28. Three more plays gained but two yards but on the fourth down, VanBrunt passed to Hutton who lateraled to Fandetta. The latter was spilled on the 5-yard line. Hutton scored on an end run but Burlington was caught holding and penalized 15 yards. Bristol held for downs.

"Al" Daniel, Bristol back, was injured in the third quarter and was forced to leave the game. He later was taken to Bristol in the ambulance of the Endeavor Rescue Squad.

COUNCIL ROCK TIES BULLDOGS SCORE, 13-13

MORRISVILLE, Nov. 8.—Council Rock surprised 1500 fans at the Robert Morris field, Saturday night, by overcoming a Morrisville lead and tying the Bulldogs, 13-13, in a well-played game.

The Bulldogs had a 13-0 lead late in the second quarter when George Ettenger broke loose on an end run and scampered 52 yards for a touchdown. Dick Forsyth's try for the extra point was failure.

Morrisville continued to hold its 13-6 lead until the final period when Ettenger again scored. This time from the 8-yard line. The speedy Newtown back then deadlocked the score by bucking the line for the extra counter.

"Charlie" Johnson scored Morrisville's first touchdown from the 4-yard line and also converted the extra point following "Bill" Powell's 17-yard run for a score in the second period.

The game was disastrous for Morrisville, who lost the services of Johnson and "Jim" Walsh on leg injuries. Both may be lost for the remainder of the season.

Lineups: COUNCIL ROCK Ends: Hutchins, Miller. Tackles: Kenderline, Erickson, Allen. Guards: Drought, B. Belmont. Centers: Forsyth, D. Belmont. ST. ANN'S WINS OVER ROEBLING BY SCORE 19 TO 0

ROEBLING, Nov. 8.—This Jersey town had an unscheduled air show yesterday afternoon. The exhibition wasn't with planes or other flying machines but with a football being thrown by "Mickey" Stradling, quarterback of the St. Ann's A. A. football team.

Stradling practically pitched the St. Ann's A. A. gridgers to a 19-0 triumph over the Roeboling Holy Name eleven on the George Nykita Field. It marked the first defeat of the season for the Roeboling team and the sixth win for the St. Ann's gridgers.

Stradling tossed the leather for 18 passes yesterday and completed 13 of these for a net total of 228 yards. His aerials actually scored two touchdowns and paved the way for the third. It was also his pass that accounted for the "Saints" only extra point after a touchdown.

Mickey did the passing but it must be stated that he was well protected by blockers and given plenty of time to "spot" the receivers and make accurate tosses. Of the five passes missed by eligible receivers four dropped from the players' arms. Only one pass was thrown that could not have been caught.

When Stradling wasn't passing, Joe Myernich and "Bill" Marion were ripping off nice gains through the large holes opened in the line and when these boys were resting the substitutes were performing just as capably. On the whole, the Bristol boys appeared to be in the best of form with deception working on all their plays.

Coach "Marty" Fischbein, of the Roeboling team, tried all sorts of defensive tactics to stop the "Saints" but it was one day the Wood Streeters could not be stopped as they stepped off a total of fifteen first

downs. The Holy Name team had four first downs to its credit. It was a 65-yard pass that netted the Purple and Gold its first touchdown before the tilt was hardly warmed up. St. Ann's kicked and on two plays, Roeboling lost 15 yards being forced to kick. Marion ran back the ball to his 35. After a pass failure and a 6-yard gain by Marion, Stradling heaved a long aerial to Myernich who caught it on the Roeboling 30 and ran the remaining distance for the touchdown. Stradling passed to McAllister for the conversion point.

Three completed passes by Stradling to Lelinski enabled St. Ann's to reach the 3-yard line of Roeboling just as the first half horn sounded with St. Ann's in front, 7-0.

Early in the third quarter, the "Saints" again pushed over a TD. The Bristol team never lost the ball from the kickoff which went to the 39. After Marion and Myernich made 9 yards, Stradling passed to a first down on Roeboling's 42. Keys on an end-around made 8 yards and Stradling whipped a pass to Marion on the 39. A long aerial, Stradling to Lelinski, put the ball on the Holy Name's 5-yard line from where McAllister battered his way to a score. The pass try for the extra point was missed.

With its passes still clicking St. Ann's got as far as Roeboling's 16-yard line as final period got under way. On the first play, Stradling rifled the pigskin to Marion for a first down on the 4. Here the Roeboling line made a magnificent stand

Three times, St. Ann's cracked the line and thrice it bounced back. On the fourth down, Stradling pulled his specialty and passed to Schreiner for a touchdown. Profy's kick for the extra point missed.

The closest that Roeboling came to St. Ann's goal-line was in the final period when a completed pass Carmichael to Borden, put the ball on the St. Ann's 35-yard line.

Next Sunday, St. Ann's will play the Langhorne Aces on the Langhorne high school field. Last season, Langhorne defeated the "Saints" so the Bristolians will be seeking revenge.

St. Ann's Ends: H. Keys, Lelinski, Mangiacina, Denny. Tackles: W. Keys, Sozio, Guilatto, Mount, Spinelli. Guards: Profy, R. Calone, Foltz. Centers: Rue, Wilson. Backs: Stradling, Schreiner, Marion, McAllister, Lemma, Monte, J. Myernich, E. Myernich, J. Fiorelli, Peole.

Roeboling Ends: Stone, Tymash, Dublinsky, Williams, A. Calone. Tackles: R. Harris, Livarek, Simkus, Shorak, R. Harris, Sapp. Guards: Malinos, Cronin, Horvath, Nacy, W. Harris.
